Let's Play! Our experienced and accredited coaches are ready to come to your school, or you can bring your students up to our fantastic purpose built 12 court badminton centre in South Hobart, and we will provide a fun, learning and engaging badminton experience for all of your students. Our coaches utilise the Badminton World Federation's 'Shuttle Time' coaching resources which assists us in providing the best possible badminton outcomes and enjoyment for your students. Badminton is a very inclusive sport for all abilities and we have found puts students on an equal sporting field with each other with very few students having played before.
