

The Southern Tasmanian Badminton Association

The H Thompson Badminton Centre, Hobart, Tasmania

[27-Jan-2012]

Volume 1, Issue 1

Welcome Back to the Summer Roster

The STBA Committee would like to wish all players and their families a happy new year for 2012.

Summer Roster house keeping

Please ensure that you start your first games at 7:30pm and are ready for the next games to follow players and umpires. Starting on time means finishing at a reasonable time.

The more players we attract the stronger our Association will be, which will benefit all members.

What is happening around the Badminton Centre?

In the last 6 months we have been repairing the roof and replaced damaged sections, hopefully this has now fixed any leaks onto the courts. With STBA hosting the Australasian U17 Badminton Championships in early April this year we will be doing some much needed maintenance around the place. The lighting around the hall will be renewed prior to the carnival.

SUMMARY

Starting On Time

The Badminton Shop is a business and not an area where U17 & U19 should congregate for long periods. Please be considerate of your team if you need to use this facility by ensuring that your team knows where you are.

Difference in winter/summer roster fees

What is going on around the Centre

Why is there a different fee for the summer roster compared to the winter roster?

This question has been raised a few times so here is the answer:

Committee Vacancies

Committee News

The STBA Committee still has positions available if you would like to contribute to your Association please talk to one of your Committee members about what we do and put forward a nomination to the next Committee meeting.

Autumn Roster

The summer roster fee is less than the winter roster to entice the CALD (Cultural and linguistically Diverse Communities) players to enter and play. The CALD project is funded by Badminton Australia to provide widespread participation opportunities and increase the popularity of Badminton in Australia. On our notice board there is more information on the CALD project.

Autumn Roster

The Autumn Roster will be starting on the 12th March, with grading on the 22nd February. Nomination forms are being circulated now and are on the website.
